

This is a step by step guide to purchase Momijo articles online using the **credit card facilities** on the catalogue page of our website.

Once you have entered the number of articles you want to purchase in the quantity box(es), you can choose to order by email (no immediate payment), use your paypal account (paypal users will be familiar with this process), or use your credit card details.

THIS GUIDE IS FOR THOSE WANTING TO USE CREDIT CARD AS PAYMENT FACILITY.

STEP1:

To use this payment facility click on 'BUY NOW using credit card or paypal' button on the momijo catalogue page. A paypal window screen will open (see figure 1) where you have the choice to either "Login in to my PayPal account" or either "Don't have a PayPal account" (last once will bring you to credit card payment facility).

STEP2:

Click on "Don't have a PayPal account". This will open a new window (see figure 2) where you can enter your credit card details.

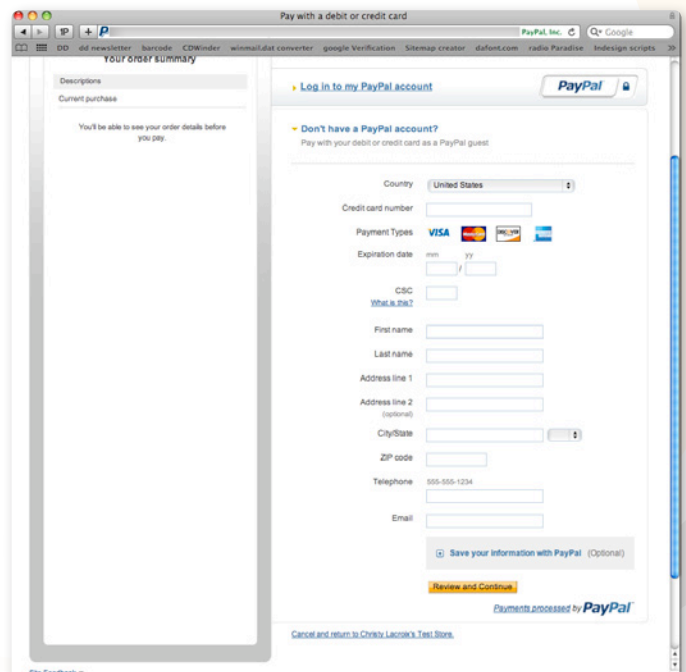

figure 2

STEP3: click on 'Review and Continue'. If you have a PayPal account the system will inform you but since we want to pay by credit card we opt for 'Continue to pay as a guest and do not use my PayPal account'. Click again on Continue. A new screen will open asking you to double check your personal details ('review your information' see figure 3). If correct confirm by clicking the 'Continue' button.

STEP4: Once you have confirmed your personal details a new screen will open where you can double check the ordered items, payment amount and the shipping details (see figure 4).

At this stage the payment has not been processed. In order to receive an overview of your ordered items you are asked to enter your Email address.

If you clicked 'cancel' the entire transaction is cancelled and you have to re-enter your order on the catalogue page and repeat the process.

If you have confirmed by clicking 'OK' the payment will now be processed and you will see the message 'Payment has been processed successfully - Thank you for your order'. You will receive a confirmation by email if you have filled in your email address.
